

Welcome Accredited Investor!

Bacchus Capital Group, Inc. (BCG) is a leading corporate finance and investment banking consulting firm that acts as matchmaker between private companies seeking capital infusion and sophisticated, accredited investors.

We work with accredited investors—those open to any industry, and those with industry or product specific goals—to increase and diversify their investment portfolios.

*“When I hear of ‘equity’ in a case like this, I am reminded of a blind man in a dark room - looking for a black hat - which isn't there.” - Charles Bowen*

BCG’s research and investment banking professionals work to bring together our list of corporate clients with our growing database of accredited investors; BCG is a value-add resource for both our clients and partners.

Our investment research and financial industry experience has prospered over thirty years. We know how to find hidden gems—companies in the early-stages of growth and development that can maximize potential returns.

We specialize in renewable energies, biotechnology, pharmaceuticals, technology and IP, nanotechnology, and medical instruments.

Our mission is simple – to help accredited investors create extraordinary wealth.

Thank you for visiting our website, and for your interest in Bacchus Capital Group, Inc.

Warmest Regards,

Research Team at BCG
